Career Objective

Full Stack Developer(MERN Stack) with hands-on knowledge in building responsive and scalable web applications using MongoDB, Express.js, React.js and Node.js. Skilled in developing RESTful and GraphQL APIs, integrating cloud services (AWS) and deploying applications using tools like Vercel. Passionate about clean UI and efficient backend architecture.

Skills

- **Programming and Web Technologies:** Python, Java, SQL, HTML, CSS, JavaScript
- **Backend and Frontend Technologies:** Node.js, Express.js, React.js
- **Database Technologies and API Development:** MongoDB, PostgreSQL, GraphQL, REST API
- **Cloud:** AWS, Microsoft Azure
- **Containerization:** Docker
- **Version Control and Tools:** Git, VS Code
- **Soft Skills:** Problem Solving, Team Collaboration, Effective Communication, Analytical Thinking, Time Management

Projects

React Portfolio

Technologies Used: React.js, CSS

- Built a responsive portfolio using React.js and CSS to showcase my resume, projects and skills in a clean, modern UI.
- GitHub: https://github.com/ravitejaakella3/react_portfolio.git
- Live Link: <https://react-portfolio-tawny-six.vercel.app/>

ABC Travels and Logistics Automation

Technologies Used: Java, JDBC, MySQL, Collections, Exception Handling

- Implemented a secure login system and personalized user access.
- Developed booking and rescheduling with real-time validation.
- Created a dynamic billing system with surge pricing logic.
- GitHub: github.com/ravitejaakella3/Java-Projects

Job Portal API

Technologies Used: Node.js, Express.js, MongoDB, JWT, Mongoose

- Designed and developed a role-based job portal backend for recruiters and job seekers.
- Implemented JWT authentication and password hashing using bcrypt with role-based access control.
- Built RESTful APIs for job posting and application tracking.
- GitHub: github.com/ravitejaakella3/job-portal.git

Internship

Prestigious Gaming (Associate Software Developer Intern)

May 2025 – Present

- Developing backend modules for gaming applications using PHP and CodeIgniter.
- Actively communicating with the team for daily updates and sprint progress.
- Focused on writing clean, maintainable code and collaborating on platform improvements.

PearlThoughts (Backend Internship)

Aug 2024 – Sep 2024

- Collaborated with developers to design and implement backend features.
- Contributed to API development using NestJS, PostgreSQL, and GraphQL.
- Provided regular updates and ensured milestone delivery.

Education

-
- **Bachelor of Technology in ECE**, Aditya Engineering College
CGPA: 7.46 2019 – 2023
 - **12th**, Sri Chaitanya Junior College
CGPA: 9.79 2017 – 2019
 - **10th**, Lutheran English Medium School
CGPA: 9.3 2016 – 2017

Certificates

-
- Java, SQL, and Linux training by Frontline Edutech Pvt Ltd (FLM)
 - Backend Internship at PearlThoughts
 - AWS Cloud Practitioner training at EduBridge
